Unlimited Money) Version Epic Conquest 2nd Ton [ShowHide] Name Erix Conquest 2 Package com.GacoGames.EC2 Publisher Gaco Game RPG Version 1.0 Size 139M MOD Feature Unlimited Money, Premium Unlock [Details] requires Android 4.0 after the success of Epic Conquest, and a team of four developers with a passion for RPG continue to bring in the second part, Epic Conquest 2. This successor version is full of features from the previous game. But it is also worth looking forward to, integrated with new features, with more detailed and more creative content. If you are looking for RPG games to satisfy your passion, Epic Conquest 2 will take place in dark times of the world, joining the journey to save the world you should not miss Epic Conquest 2. Monsters appear everywhere. They are the cause of the riots, causing everyone to live in anxiety. And as a knight, you have a mission to return peace to the world and go back to hell and chase these monsters. Start with one of the three characters the game offers. For the first time, their abilities don't change much, so you don't have to think again when making a decision. Plus, on this long and dangerous journey, you'll also meet new teammates who will help you solve problems and defeat powerful enemies. In Epic Conquest 2, where you will experience epic battles, the character system is carefully designed, bringing trends in modern RPG games. Each character in a different class will have its own fighting style and skill series. Of course, it wasn't available from the start. You have to fight monsters, do quests from NPC to gain experience. They will be unlocked in the future. Of course, as the character develops, the game system also introduces more difficult quests. You have to face a large amount of monsters in battle, even a very powerful boss. Character skill system greatly supports him. Includes combat speed, damage, and defense. You can place your skills in each position in the left corner of the screen. Epic Conquest 2 skills are very unique and beautiful. When used with text, colorful rays are generated. Of course, there are explosions, fires, lightning and magic to make the battle even more intense. Items basically, RPG games are intended to upgrade features and increase. Physical statistics and strength. Epic Conquest 2 is no exception. You can upgrade your character's gear to improve combat performance. This is really necessary to overcome the challenges of the NPC. The main types of equipment include weapons, armor and certain types of other equipment. Each of these attributes has one of STR, INT, AGI, DEX, and VIT. As a result, you can easily develop and choose your own playstyle. Compared to Epic Conquest, which enjoys the detailed content of rpg, the second version of the series added more content. It can communicate with NPCs in many parts of the world. Each of them has its own story to tell. In addition, Epic Conquest 2 also has many very vivid and beautiful cut scenes. If you're an anime fan, it's hard to ignore! You can venture through meadows, mountains, forests and villages. Every place has a beautiful view for you to enjoy after the war. Using items to restore mana, the healthA character's weapons and skills are sometimes not enough to accomplish the battle. In addition, the amount of mana limits his fighting power, causing him to recover and wait to continue working on his skills. And this is when he needs healing items, mana, power-ups and defenses. They are centered on the screen. You need to touch to use.
